- Jackknife Pick

Peterson Locksmith Tools

Pick Sets

Our Pick Set offerings are arranged for practicality. You have the choice of ordering replacement "just pick" sets in a tube or complete pick sets with their quality leather case included. Locksmiths who have a desire for a molded plastic handle can get it here. Other Locksmiths will not be able to survive without our wonderfully firm molded rubber grips, or our textured dip handles. All of this is just if you already have a case that you wish not to part with!
